

DYA College Intern Application

College interns have the opportunity to get on the “other side” of the stage. Some of the opportunities include: Stage Manager, Production Assistant, Lead Counselor, and Sound Technician. While this is an opportunity to learn in a new area of a musical production, a professional product and work etiquette are expected. Often job requirements are not as glamorous as being in the spot light on the stage but they are of equal importance.

Please provide DYA with an essay detailing why you feel you would be a good candidate for one of these positions. Please include the following as part of your response:

- A situation in which you held great responsibilities
- Are you an organized personality/ How?
- What is your availability for the duration of the DYA experience?
- How do you work with others? Do you communicate well? Are you afraid to ask questions? How do you handle direction or redirection?
- What experience do you have working with students? Be specific with each age level: elementary, middle school, high school.
- Anything else you feel that we should know about you.

Deadline: May 9
